The amendment received 3/10/06 has been made of record. Claims 1-22 are pending.

The rejections under 35 USC 112 contained in the previous office action are withdrawn in view of applicants' amendments.

Claims 1-22 are rejected under 35 U.S.C. 102(e) as being anticipated by Partain, III et al.

This rejection is maintained substantially as set forth in the previous office action.

Applicants' arguments in traversal focus on the state of the initial ingredients of the reference as compared to the instant claims. However, as stated in the previous office action, the ultimate composition of the reference is seen as meeting the limitations of the ultimate compositions of the instant invention.

THIS ACTION IS MADE FINAL. Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the mailing date of this final action.
